Associated impacts/conflicts with designation?

A NOI is not a legal designation on the land base. It is more of a note on a map.

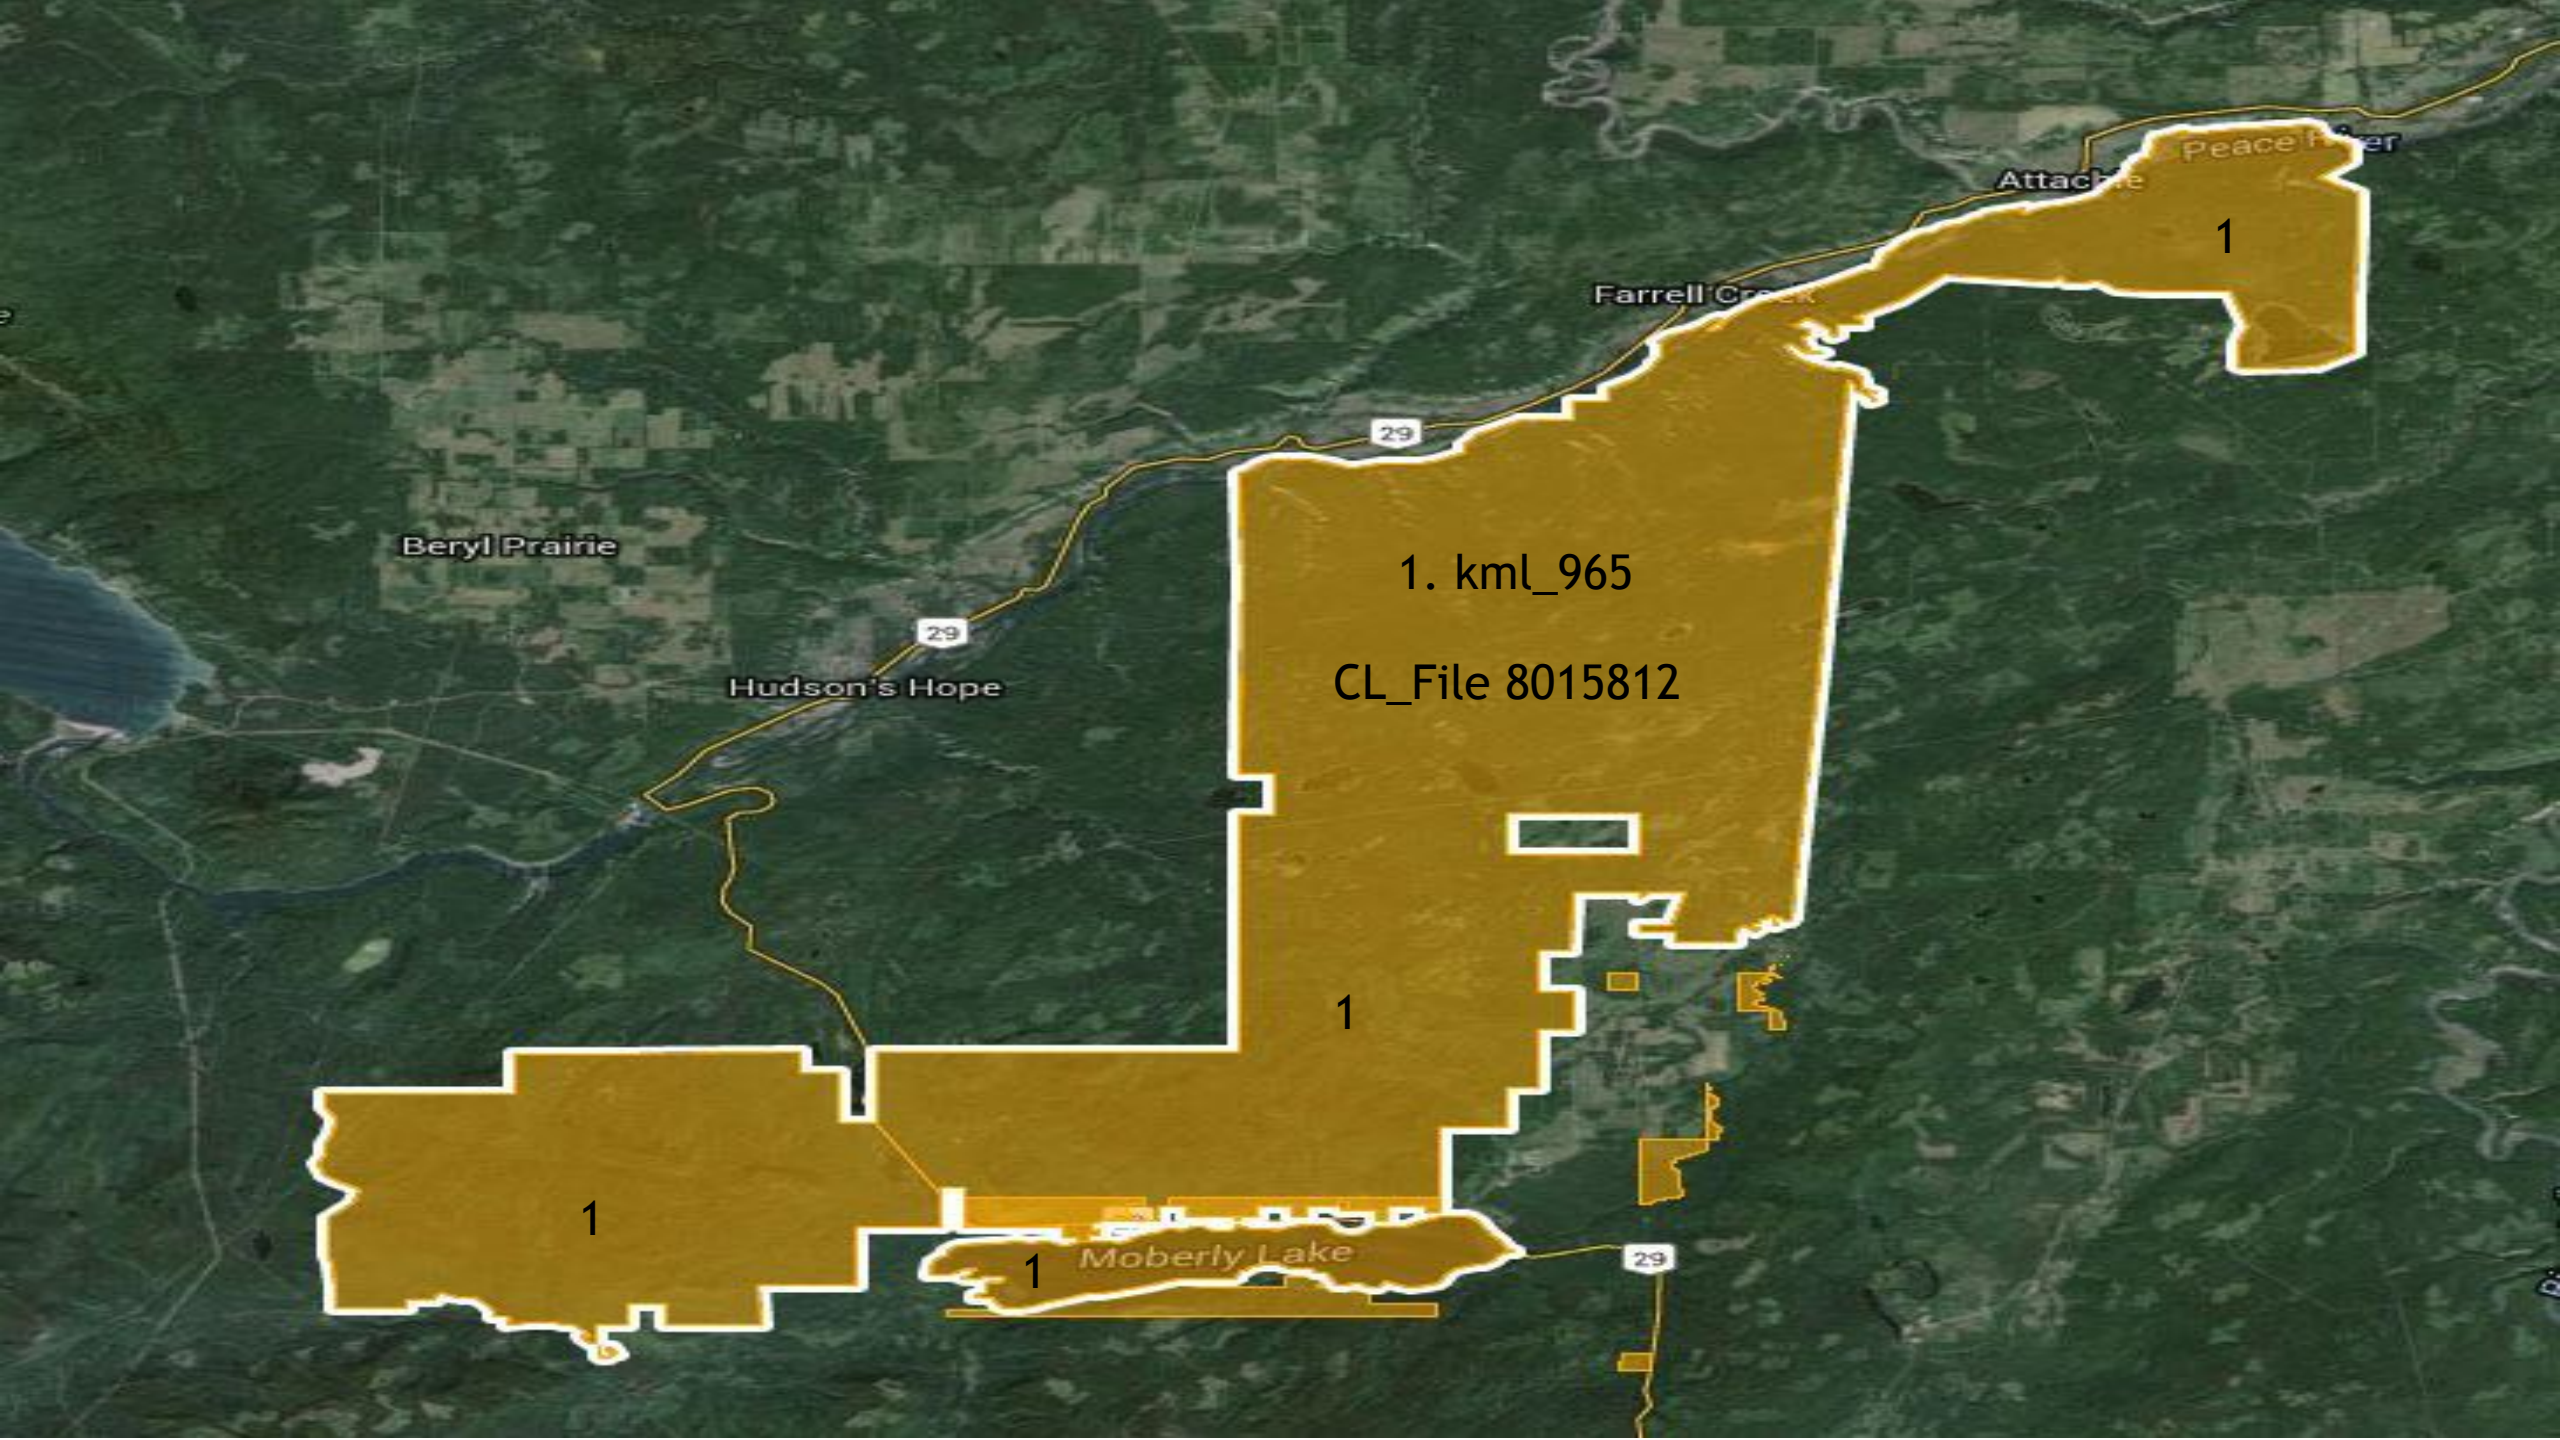

A Section 17 Conditional Withdrawal would withdraw the crown land under the *Land Act*. Terms could be put in place for existing tenures/obligations.

Key Speaking points

Should a decision be made to approve 8015812 Sec 17 the NOI will be cancelled.

MARR and Federal Government shall have to resolve any conflicts prior to any of this land being Transferred.

Existing Land Act Tenures at time of CG would be deleted from the CG Area

Associated impacts/conflicts with designation?

A NOI is not a legal designation on the land base. It is more of a note on a map.

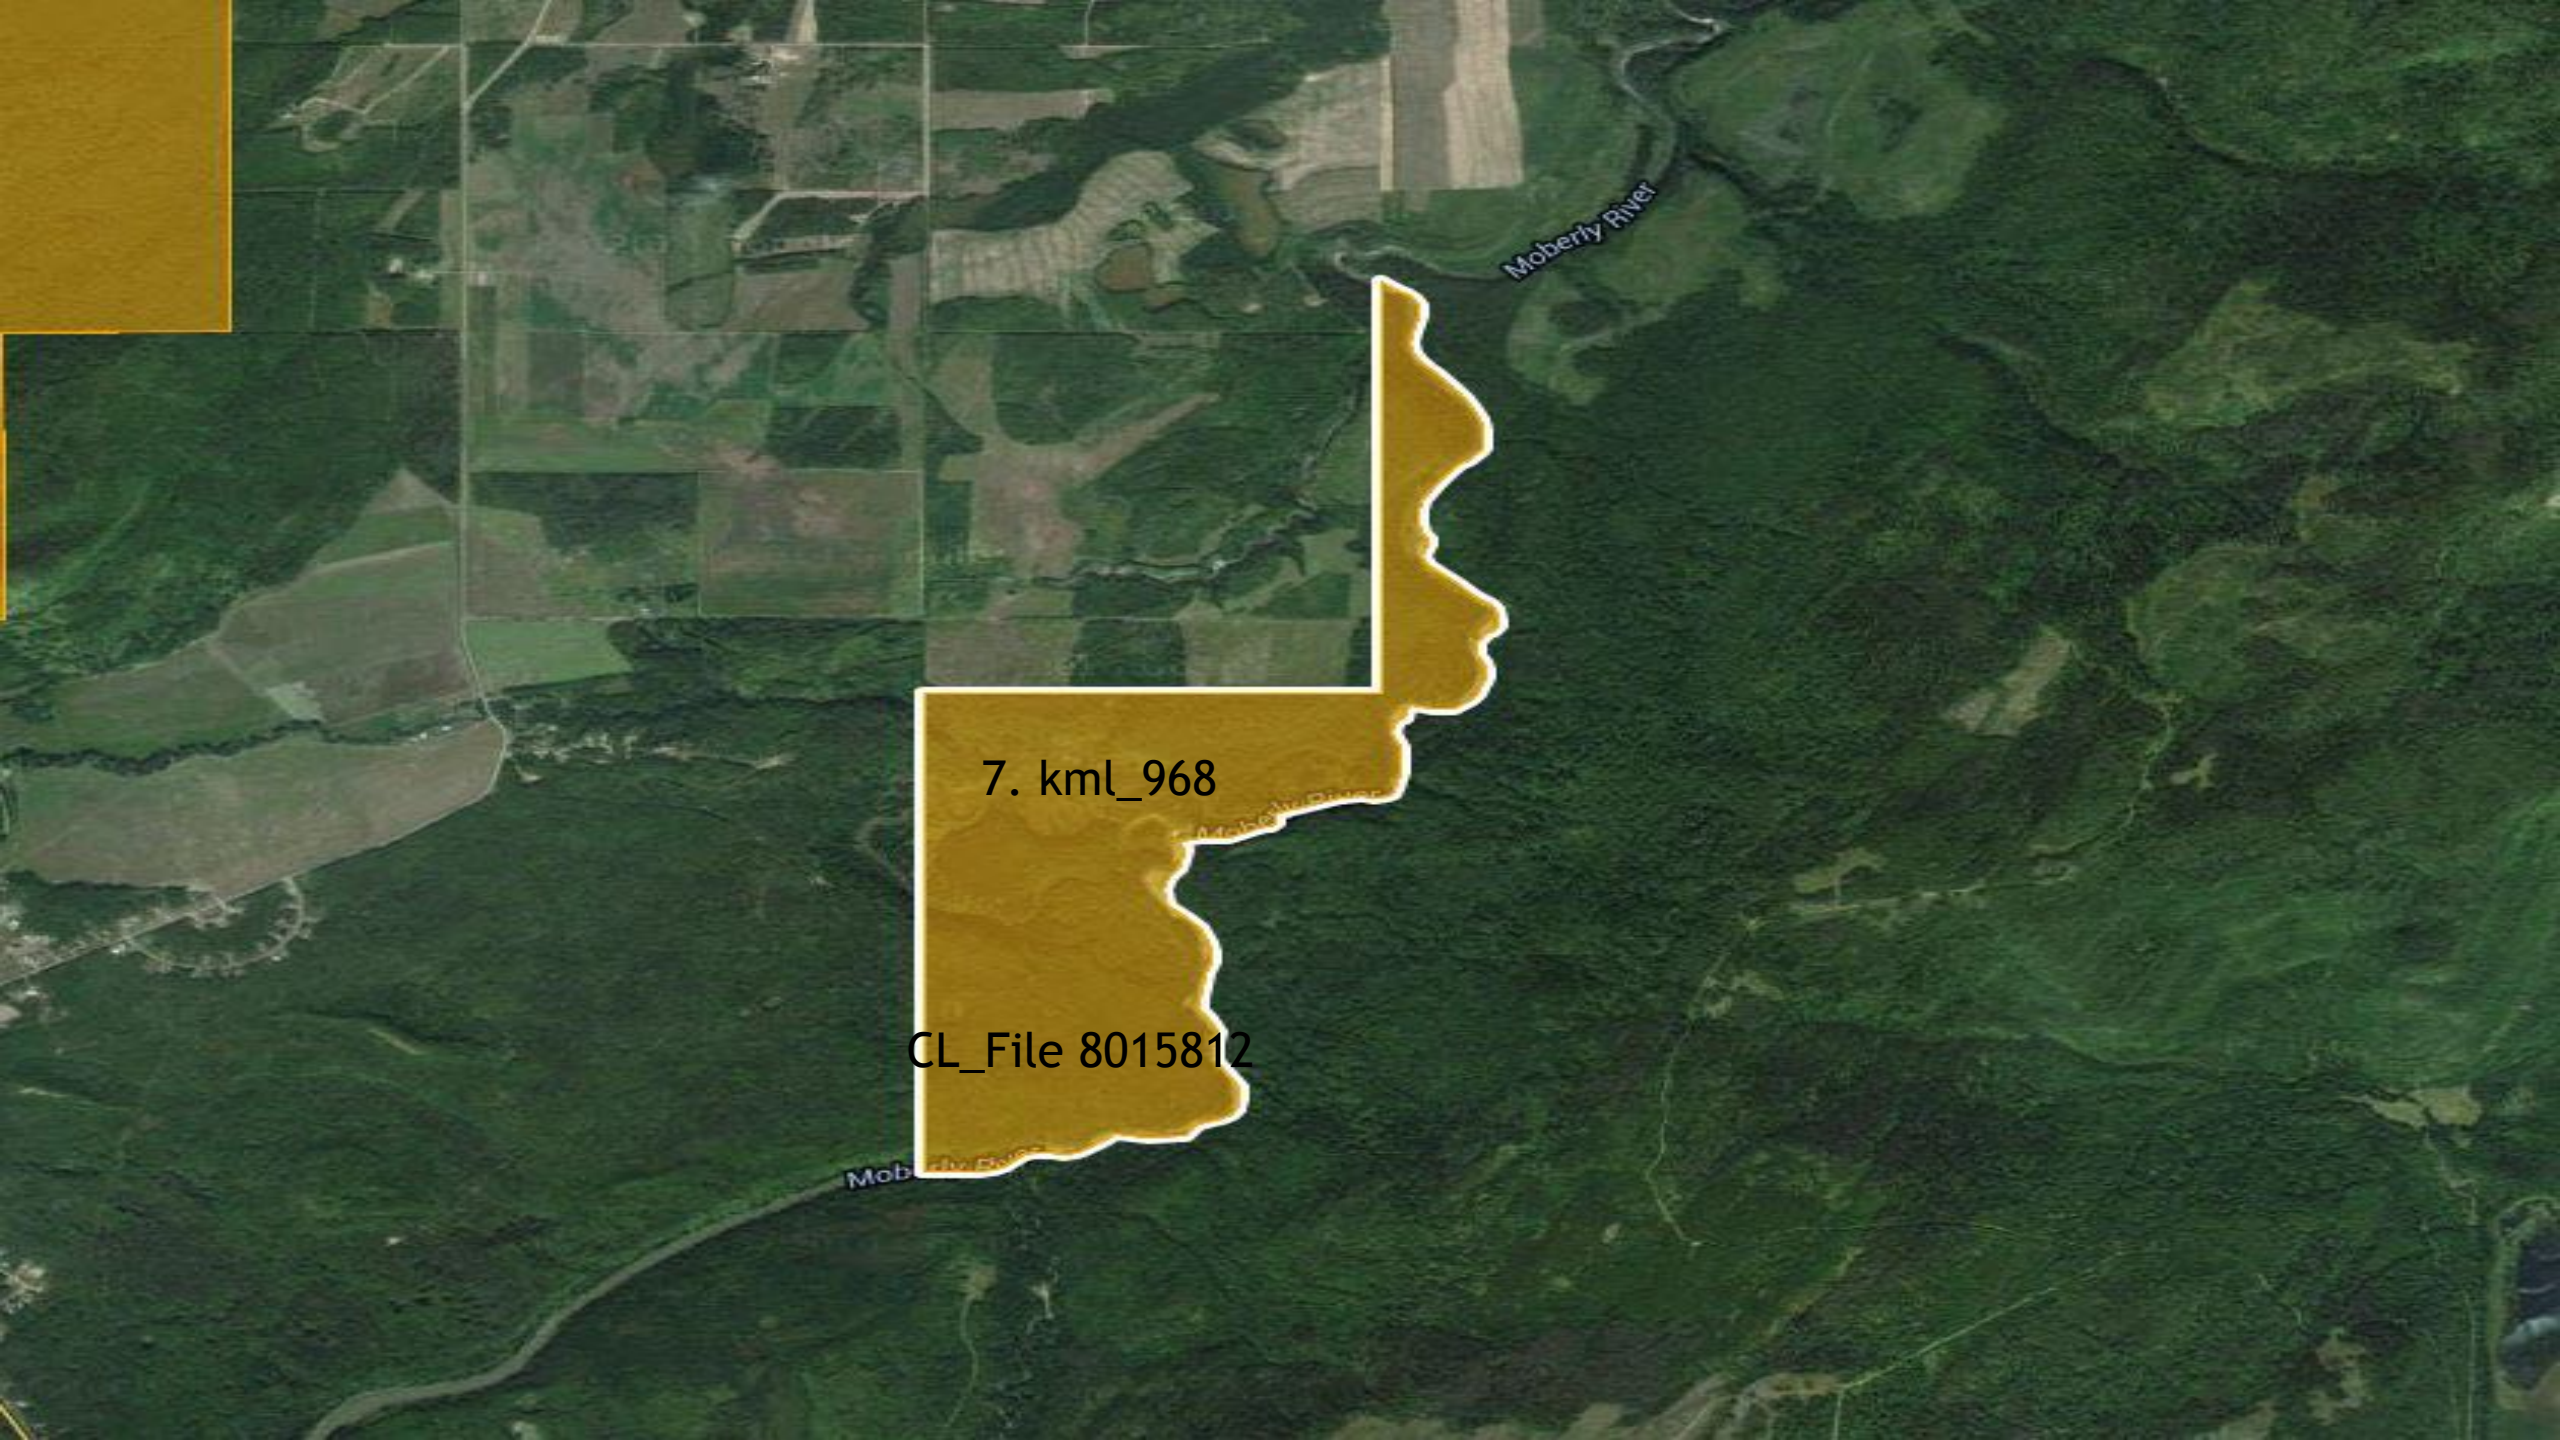

A Section 17 Conditional Withdrawal would withdraw the crown land under the *Land Act*. Terms could be put in place for existing tenures/obligations.

Key Speaking points

Should a decision be made to approve 8015812 Sec 17 the NOI will be cancelled.

MARR and Federal Government shall have to resolve any conflicts prior to any of this land being Transferred.

Existing Land Act Tenures at time of CG would be deleted from the CG Area

An aerial photograph of a rural landscape. The terrain is a mix of dark green, dense forest and lighter green, open fields. A network of roads and paths is visible, including a prominent road running vertically through the center. A yellow rectangular box with a thin white border is positioned in the center-left of the image, containing two lines of text.

Associated impacts/conflicts with designation?

A NOI is not a legal designation on the land base. It is more of a note on a map.

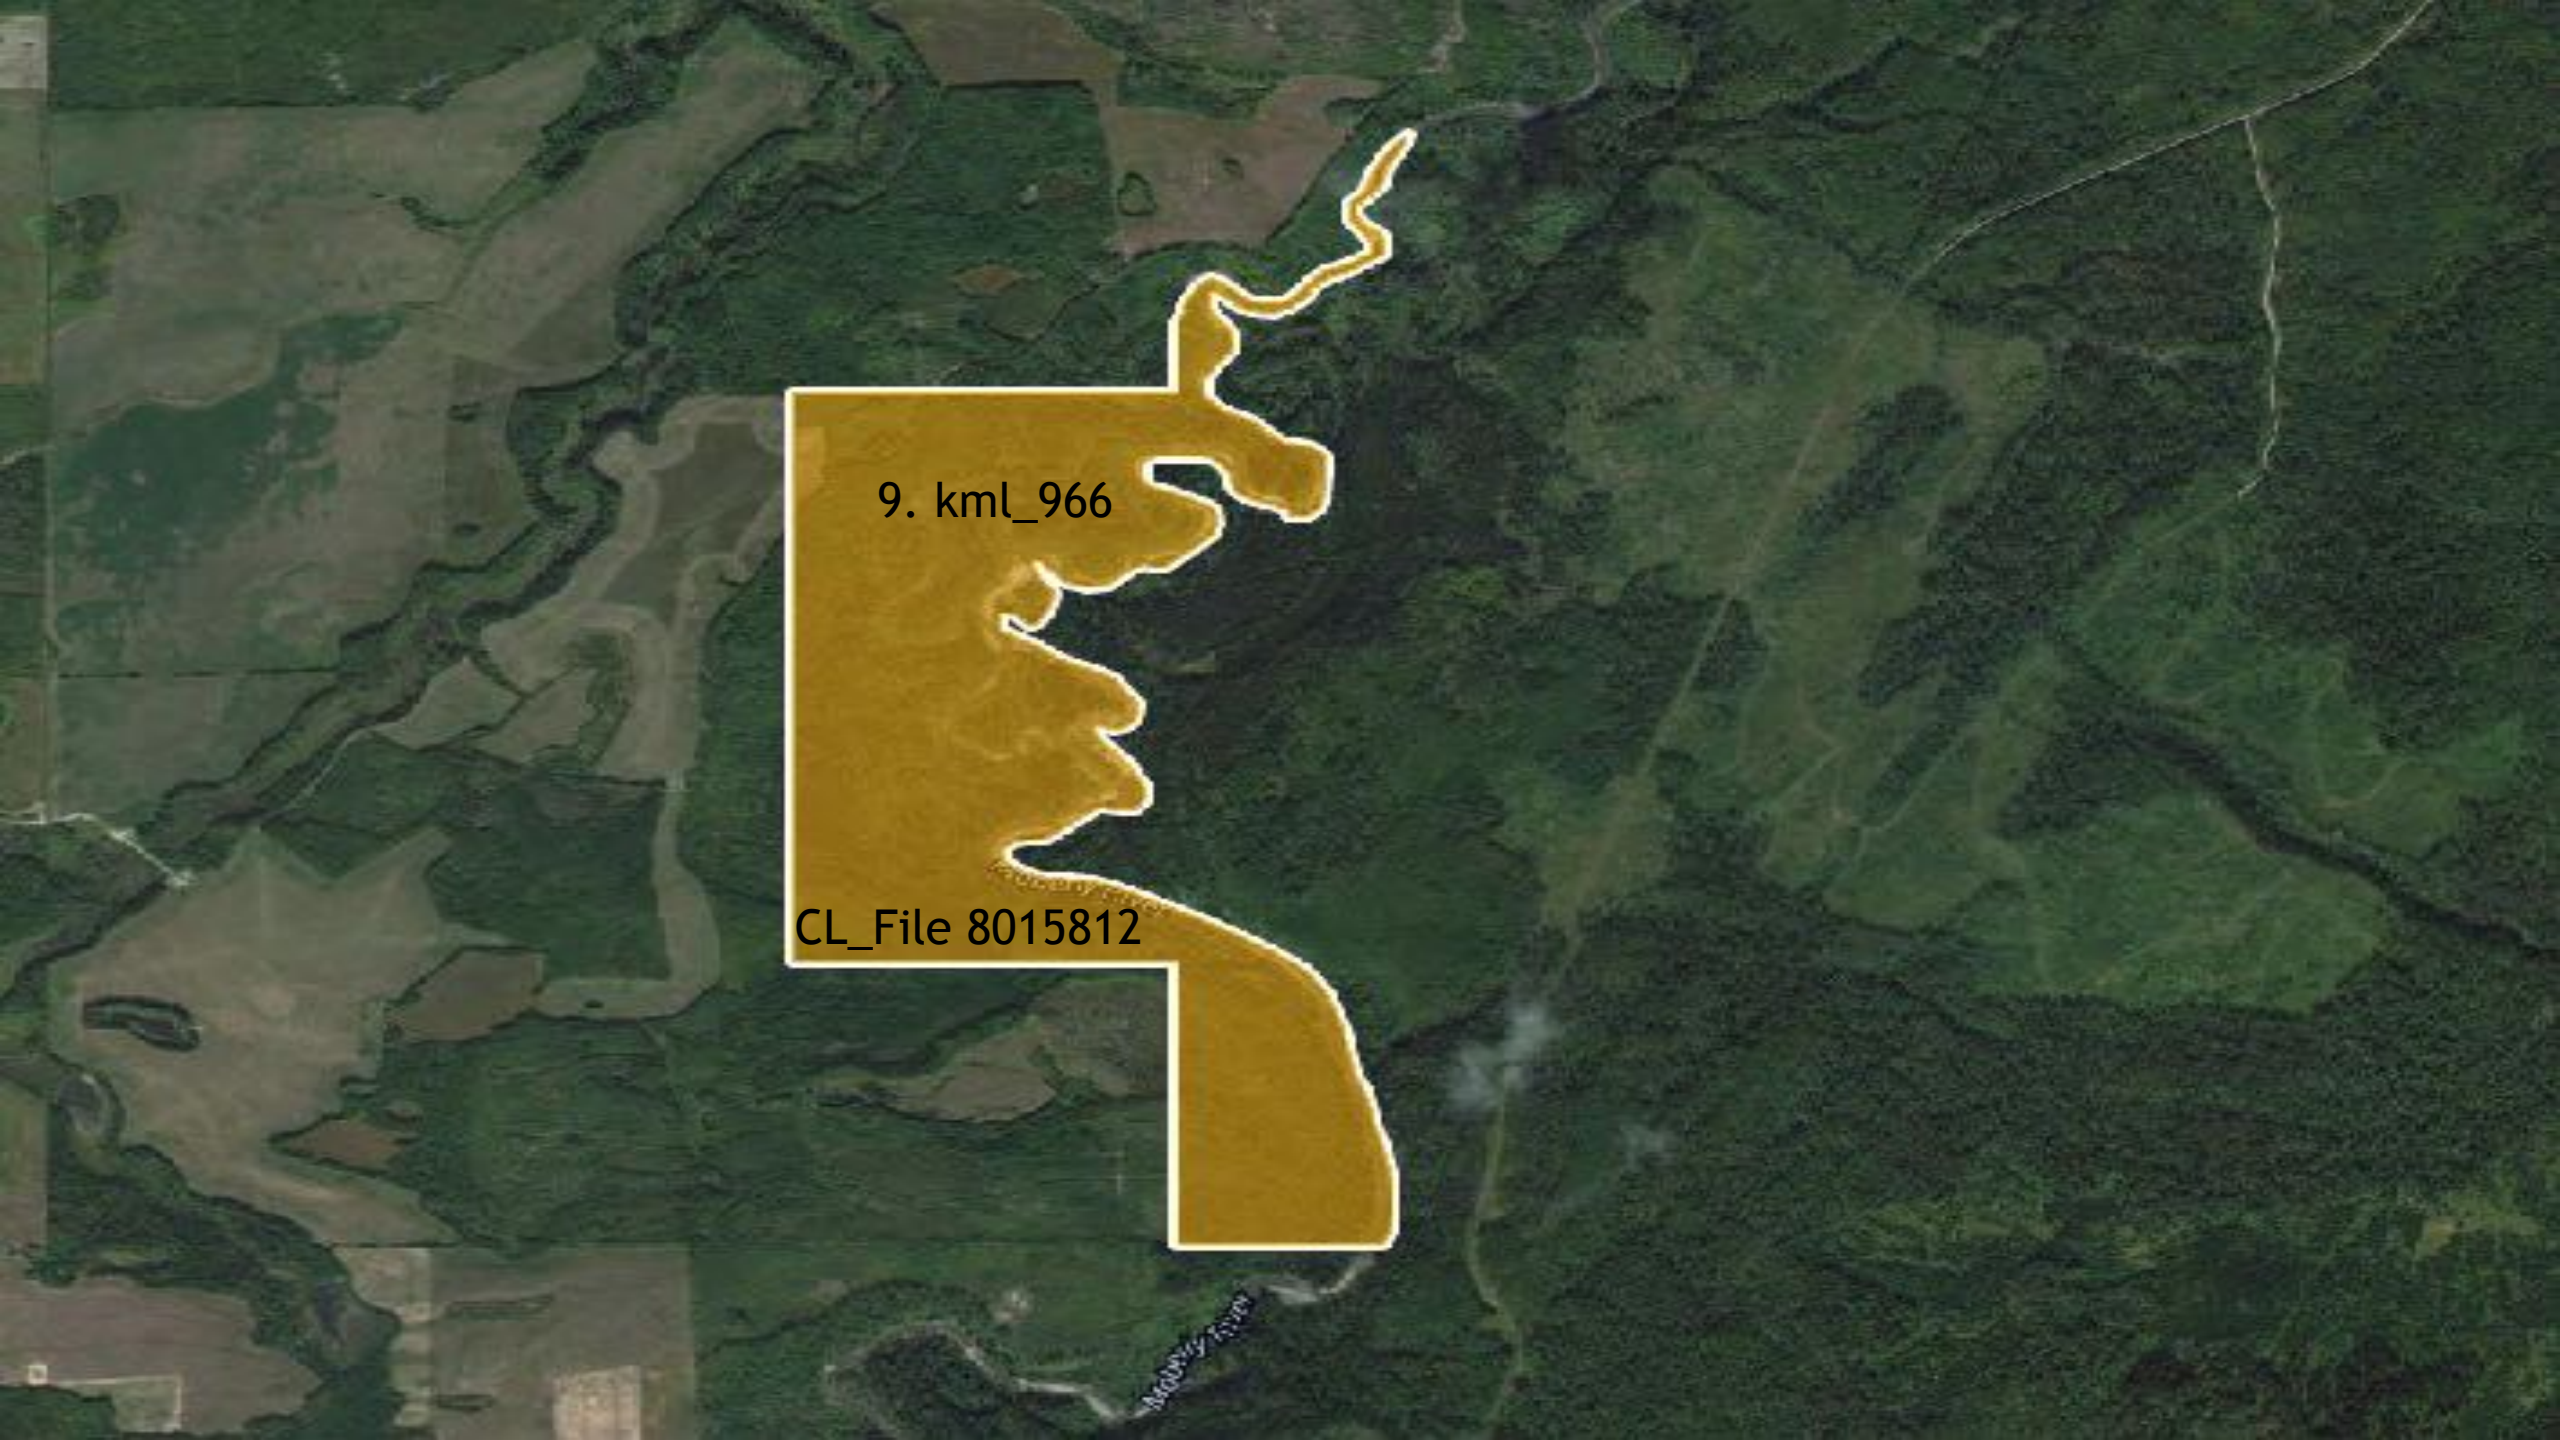

A Section 17 Conditional Withdrawal would withdraw the crown land under the *Land Act*. Terms could be put in place for existing tenures/obligations.

Key Speaking points

Should a decision be made to approve 8015812 Sec 17 the NOI will be cancelled.

MARR and Federal Government shall have to resolve any conflicts prior to any of this land being Transferred.

Existing Land Act Tenures at time of CG would be deleted from the CG Area

An aerial photograph of a landscape with a yellow highlighted area. The highlighted area is irregularly shaped, with a jagged top edge and a straight bottom edge. It is located in the center-left of the image. The surrounding landscape is a mix of green fields and brown patches. A road is visible in the bottom right corner, labeled 'Meadow Lane'.
